Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Thursday 02 Dec 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cold this evening, then milder with rain and snow overnight.

This Evening and Tonight:
Cold this evening with temperatures dipping below freezing in places. Cloud then thickening with rain arriving overnight. This preceded by a little sleet and snow in places, mainly over the hills. Turning breezier and much milder by the morning. Minimum temperature -1 deg C (30 deg F).

Friday:
Murky with drizzly rain and hill fog at first, although somewhat brighter across Cumbria. All areas becoming dry through the morning, with bright spells developing more widely. Feeling much milder. Maximum temperature 9 deg C (48 deg F).

Outlook for Saturday to Monday:
Sunshine and heavy showers on Saturday, these wintry at times, especially on higher ground. Drier and sunnier on Sunday. Rain and snow on Monday, clearing to brighter skies. Often windy.
